Dynamic Support. Effortless Comfort.

Ideal for modern workspaces and meeting rooms, the ZINNG chair combines minimalist aesthetics with advanced ergonomic engineering to deliver comfort that moves with you.

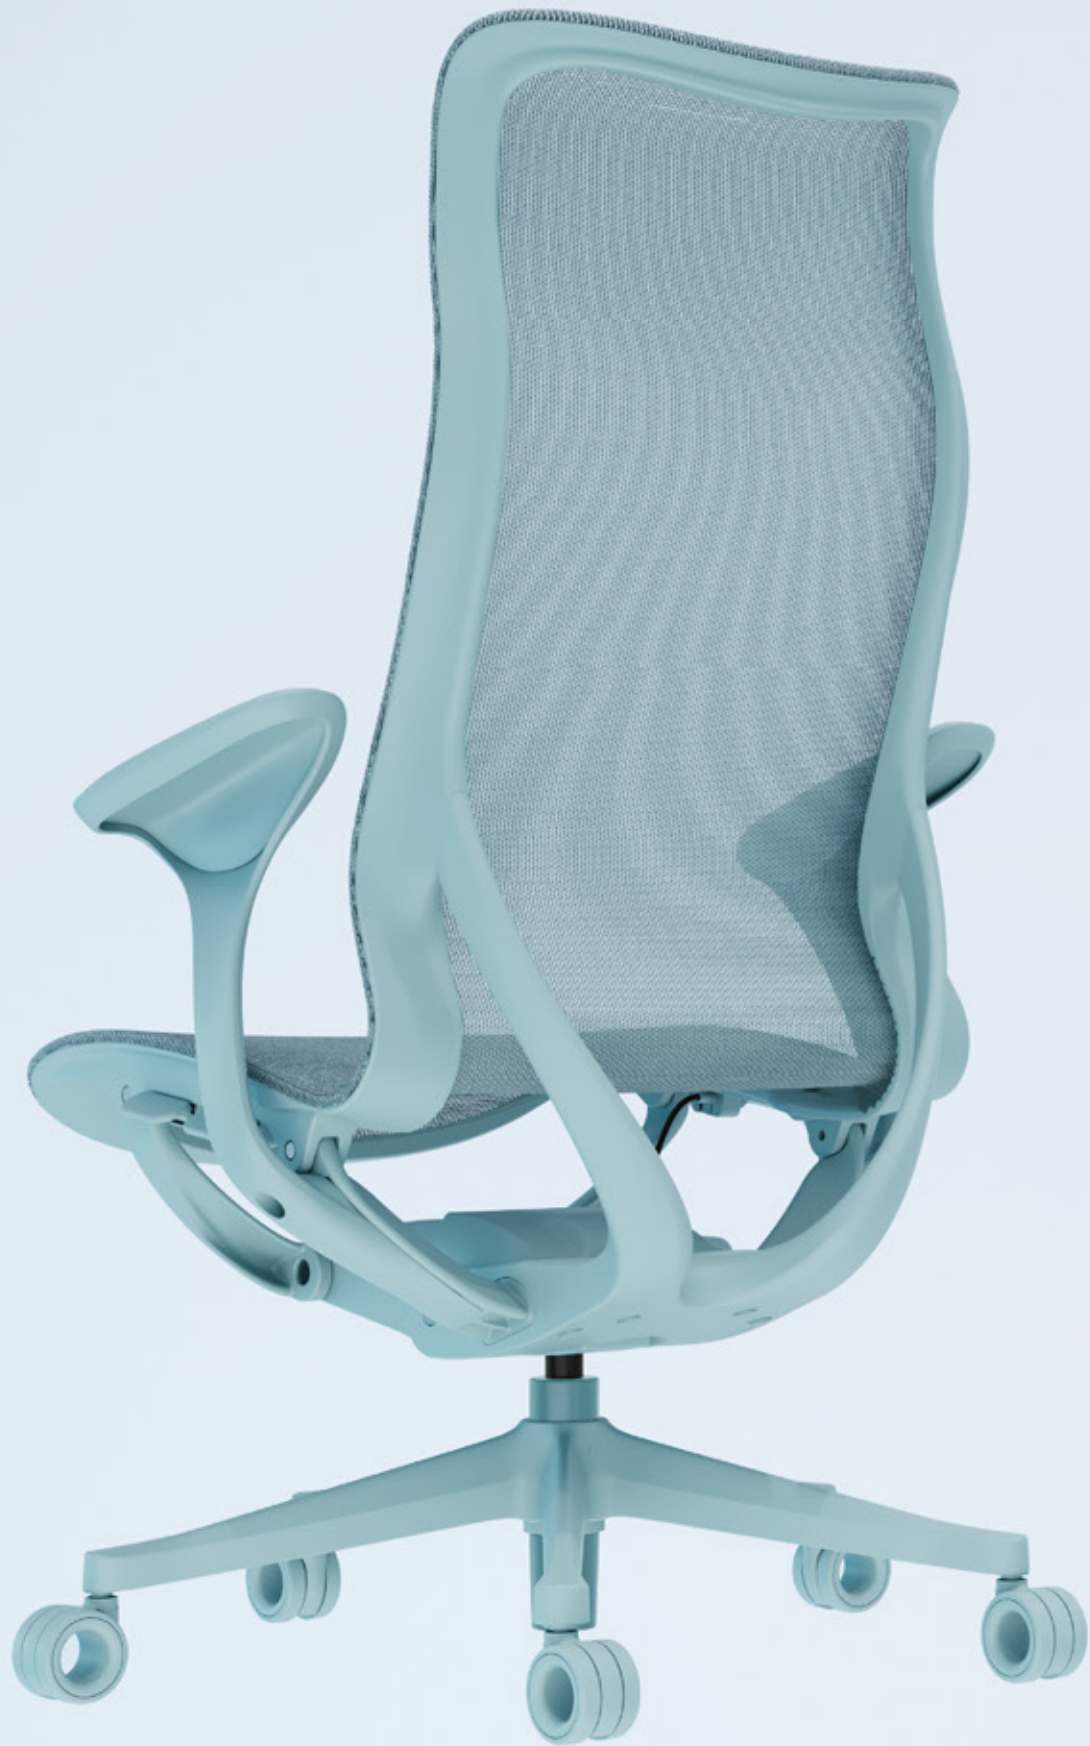

Based on the S-shaped bionics principle of the chair and the full package on both sides, the back of the chair can better support the back, protect the spine, and make sitting or leaning back more comfortable. The seat is adjustable.

Harmonic Tilt The tilt mechanism automatically provides instant balanced support and movement based on your body shape and posture.

A perfect blend of comfort and elegance, this chair's fluid curves and airy mesh design promote natural posture and relaxation. Its soft hues create a soothing workspace that inspires focus and balance.
