

ArcLine

Where Curves Meet Angles

ArcLine brings modern refinement to the workplace through its signature interplay of soft curves and defined angles. Developed by our R&D team led by Mr. Eddie Koh, the system is engineered with a strong focus on performance, stability, and sustainability. Designed to adapt to evolving office environments, ArcLine offers true versatility in both form and function. More than just a workstation, it is a forward-thinking solution crafted to elevate the everyday work experience.
